

Have your say in identifying key environmental assets in your area!

Fact Sheet 2

The Central West Catchment Management Authority is seeking to work with all interested community members to identify the key natural resource assets in the Central West Catchment.

We are aiming to review our Catchment Action Plan (CAP) and attract funding to protect and improve the environmental features that we most value.

The first part of this process is to find out about the region's most valued environmental assets. You are invited to a community meeting to share information about what you value most about your local environment.

The following meetings will be held throughout the Central West Catchment from October - November 2009.

Nyngan

Date: Tuesday 27th October
Time: 6pm - 8:30pm (Including light meal)

Please RSVP five days prior to the workshop date to Adam Hook on:

Ph: 02 6339 4915

Fax: Send the attached fax back form to 02 6339 4949 or

Email: adam.hook@cma.nsw.gov.au

These workshops will help set the priorities for Natural Resource Management in the Central West Catchment and it will be important to have all communities well represented. Please extend this invitation to other people in the catchment community who are interested in providing input.

We look forward to seeing you at one of the meetings.

Vibrant communities ... healthy landscapes
